

Armour Track Project

Unfortunately, we need to start from scratch on this project. The underlying asphalt is deteriorated and drainage is also in need of renovation. This makes the project more than just a rubber surface repair and adds considerably to the cost. The School Board has set a fundraising goal of \$100,000. If that is met, they will supply the rest of the funds to make this happen. They will, in essence, match the raised funds as the total cost is slightly in excess of \$200,000.

GOAL: \$100,000

Donors contributing in the various categories, will have their names engraved on a permanent plaque to be placed at the track complex for all to see.

Catagories of Donors:

Bronze level: \$250-\$500

Silver level: \$500-\$1000

Gold level: \$1000- \$2500

Platinum level: \$2500- \$5000

One lane on track with company or family name painted in that lane and on plaque: \$10,000

Should any company, individual, or family donate the entire amount, the track would be named as they wish and commemorated with a permanent plaque and such name also painted on the track itself.
